## SIXTY WERE KILLED

Extent of the Mine Disaster in Wyoming.

### SOME OF THE BODIES RECOVERED.

Thirty-Eight Bodies Still in the Mine Buried Under the Debris—Hearings of Scenes Around the Mouth of the Pit. Names of Those That Have Been Recovered and Identified.

EVANSTON, WY., March 22.—The details of the explosion at the Rocky Mountain Coal and Iron company's mine No. 5, at Red Canyon, at 5:43 Wednesday evening, mark it as one of the most horrible in the history of coal mining in the west.

The total number known to have perished is 60, of which 51 are married and 9 young men and boys. Up to this hour the bodies of the following out of a total of 53 who met their death in the mine have been recovered and turned over to their relatives:

W. B. Clark, John Morris, D. Laurie, G. Hyde, John Locke, W. H. Grieves and Samuel Clay, all single.

Samuel Hutchinson, William Morris, Thomas Booth, Benjamin Cole, Charles S. Clark, William Brown, James Limb and Fred Morgan, all men of large families.

This leaves 38 unrecovered bodies in the mine. The timbering is largely blown out and the walls and roof of the whole interior are wrecked and shattered so that the volunteer searching party of 18, now seeking the bodies of their comrades, are every moment in danger of being buried.

The coroner's jury has been empaneled which views the remains as brought out and turned over to relatives.

The agonizing screams of widows and children about the mouth of the mine beggars description.

There are 50 widows and 250 orphaned children as a result of the disaster.

About 30 of the men killed belonged to the Ancient Order of United Workmen, in which order they were insured for \$2,000 apiece.

The mules that were in the mine are so burned that they have to be removed on account of the odor, before the work can proceed.

### SENSATIONAL RUMOR.

The Spanish Minister at Washington Said to Have Resigned.

WASHINGTON, March 22.—A statement is in circulation here that Senor Murugua, the Spanish minister, has cabled his resignation to his home government on account of complications arising from the Alliance and that a reply has been received from Spain instructing him to retain his official position at Washington as the representative of the Spanish government.

It has been impossible to secure a confirmation or denial of this statement.

The final reply of Spain to Secretary Gresham's demand in the Alliance affair has not yet been received. In the preliminary reply it was stated that definite responses would be made as soon as communication could be had with the Spanish government charged with the offense.

The gambler reported at Cuba the following day and the Spanish authorities are doubtless in possession of her version of the case. They are evidently proceeding with deliberation, however, as the response based on all the facts is not yet at hand.

### PREPARING FOR A BATTLE.

Japanese Expected to Land Troops at Shanghai-Kuwan and Kinchow.

LONDON, March 22.—The Times has this dispatch from its Shanghai correspondent: A Japanese fleet is reported off the Pescadore islands, which lie a short distance to the westward of central Formosa, being separated from that island by the Formosa channel. Torpedoes, to prevent the entrance of the Japanese vessels, have been placed in the harbor of Amoy, a treaty port in the province of Fuhien, which is separated from the Pescadore islands by the comparatively narrow Pescadore channel.

Telegrams from the north report that many Japanese vessels are off Shanghai-Kuwan and Kinchow, on the Gulf of Liao Hung Tong. It is expected that there will be an early landing of Japanese forces at these ports. The Chinese defending the towns are on the alert.

### Planter Fatally Stabbed.

PINE BLUFF, Ark., March 22.—W. F. Campbell, a prominent planter of this county, was fatally stabbed by J. J. Cole, a farmer, yesterday in this city. Campbell, in a drunken frenzy, went to the apartments of Cole and kicked in the door, and when remonstrated with he picked up a chair and hit Cole over the head several times, when the latter drew a knife and stabbed him. The men were strangers.

### Ocean Steamships Overdue.

BALTIMORE, March 22.—Three large ocean steamships are now overdue at this port. They are the Johnston liner's Baltimore and Meutmore, which have been out 20 days from Liverpool, and the Dutch tank steamer from Rotterdam, the La Campine, over three weeks at sea. The trip should not have occupied more than 17 or 18 days. It is thought the vessels have been delayed by stormy weather.

FORT SMITH, Ark., March 22.—Twenty-seven United States prisoners pleaded guilty in the federal court here yesterday and received sentences ranging from 30 days in jail to five years in the penitentiary.

### TORTURED BY ROBBERS.

An Aged Couple Friendlessly Treated and Robbed of Their Savings.

BRADFORD, Pa., March 22.—Wednesday night at Palmer's mills, a lonely spot on Marvina creek, an aged couple were tortured and robbed by masked men, the robbers securing over \$600. The couple, Mr. and Mrs. Merritt Childs, who are over 70 years of age, were about to retire when a knock came at the door. The old lady answered the summons and was met with a blow on the head which felled her to the floor. The husband, who came to her assistance, was similarly treated, and three masked men entered the house. The husband and wife were then bound and gagged, while the robbers ransacked the premises, finding \$600.

This did not satisfy them, and Mrs. Childs was asked to tell where the balance of the money was hidden. She refused to divulge, whereupon the fiends bared her feet and pressed them against the red-hot stove. She stood the torture until her feet were terribly burned, and then made known the place where another \$100 was secreted.

This experiment encouraged the robbers, and both the old people were put through the torture again for the purpose of extorting more money.

All that remained of the savings of the husband and wife was 30 cents. This was secured by the men, when Mr. and Mrs. Childs were again bound and gagged and left to their fate. They were discovered yesterday morning by neighbors in a pitiable plight. Mrs. Childs will probably die from the effects of the shock and torture, but the old gentleman will recover.

Three suspects are being hunted by officers. If captured they will have to be well guarded as the feeling against them is very bitter in the neighborhood.

### POLICE PUZZLED.

A Dying Man Says He Was Shot but It May Have Been Suicide.

BUFFALO, March 22.—Lester T. Halliday died yesterday and the police are puzzled to know whether to believe his ante-mortem statement or to think he committed suicide. With his dying breath Halliday reiterated the story of highwayman's assault, but the bullet that pierced his lung did not perforate his coat or vest.

The shot was fired close to the body, and the revolver was found where it had been flung from the bridge, all tending to confirm the suicide theory rather than that of robbery. The police have made two arrests. The suspects are Lillian Preston and Calvin Baker, the former Halliday's sweetheart, and the latter his rival. The woman accuses Baker of threatening Halliday's life, though Baker does not answer the description Halliday gave of his assailant.

### Boy Attempts Murder.

NEW-BRUNSWICK, Ga., March 22.—Charles Donaldson, an inmate of the reform school here, was summoned to the bathroom yesterday morning to be punished for breaking a rule of the institution. Before entering the room he borrowed a penknife. Keeper Davis took hold of the boy, and the latter stabbed the keeper three times over the heart, in the right side and on the left arm. Doctors were summoned, and after an examination pronounced the keeper in a precarious condition. Donaldson, who is 13 years old, was sent to the school as a waif, and under the rules he must stay there until he is of age.

Mint Investigation Not Yet Complete.

CARSON, Nev., March 22.—It is impossible to get a direct statement from the mint officials or employees, who say no further information can be given until the inspector finishes his investigation. It is reported moneys have been busy cropping bits off several bars of bullion on hand and testing them but everything is all right so far. The exact amount of the shortage is now said to be 3,100 ounces of gold bullion at \$20.50 per ounce, and 1,000 ounces of silver at 63 cents per ounce, making a total of \$64,180.

### Prisoners Released by a Mob.

WOODWARD, O. T., March 22.—Three masked men went into the county jail or's office last night with Winchester and liberated all the prisoners. They marched the jailor about half a mile over the prairie adjoining the town, where they kept him long enough for the prisoners to get away before the alarm could be given. Among the noted prisoners released were Tom Yoso, Ed Leehr and Cully Dennis. A posse is organizing to scour the country.

Chicora's Wreckage Washed Ashore.

MANISTEE, Mich., March 22.—Wreckage which is identified as being part of the ill-fated Chicora has been found on the beach near here in considerable quantities. Portions of the bulwarks and hurricane deck were identified by their color by John Martin, who was mate of the steamer Puritan—which ran between Benton harbor and Chicago last season. The ice north of here is reported to be strewn with similar wreckage.

### Mexico Will Not Declare War.

CITY OF MEXICO, March 22.—The telegraph reports published in the United States that President Diaz has asked or is about to ask congress for authority to declare war against Guatemala are pronounced absolutely untrue in high official circles. It is regarded as certain that President Diaz, in his message opening congress next month, will render a strict and exact account of the state of negotiations.

LITTLE ROCK, March 22.—A telegram to Dr. C. M. Taylor of this city from Washington, Ark., says Senator Jones is much better and is thought to be out of danger.

## FIRE IN SIOUX CITY.

Half a Million Dollars' Worth of Property Destroyed

### IMMENSE WAREHOUSE BURNED.

It Was Filled With Farm Implements—Machinery Owned by About Twenty-five Companies in Different Parts of the United States—Fire Losses at \$500,000.

SIOUX CITY, Ia., March 22.—One of the most serious fires in the history of Sioux City completely destroyed the warehouse of the Western Transfer company, 200 Iowa street, yesterday, together with its contents, entailing a loss of more than \$300,000. The high wind which was blowing communicated the fire to the linseed oil mill across the street and it was partially destroyed and the greater part of its contents consumed, making a total loss of \$500,000.

The wind, which had been from the southeast, now clunged and increased in velocity, blowing for a time directly from the east. This communicated the flames to the two big tanks owned by the linseed oil mills, and the platform on which they rested began to burn fiercely. Thousands of people had congregated by this time, and when they saw the tanks on fire there was a wild stampede.

The storage building was an immense structure, 5.0 by 60 feet, including the brick storage annex. The main part of the elevator was five stories high and had a capacity of 150,000 bushels. In the bins at the time were stored 100,000 bushels of flaxseed and on the lower floor was several thousand tons of linseed oil cake ready for the market. In the annex the oil was in huge tanks, having an estimated capacity of 120,000 gallons.

When it was plain that nothing could be done toward saving the immense warehouse, the firemen turned their attention to saving the oil mill storage-house. Mayor Fletcher telegraphed to Lemans and Missouri valley for the fire departments in those towns, and they were soon ready to respond, but when it was found that the fire could be controlled, messages were sent to hold them back.

The building of the Western Transfer company was a mammoth frame structure, six stories high, covered with corrugated iron. The iron aided the flames, as it kept water from reaching the wood-work. The huge 4-story and basement warehouse, 100 by 150 feet, was filled from top to bottom with farm implements and machinery, valued at about \$300,000. This machinery was owned by about 20 implement companies in different parts of the United States. The list of these companies is as follows:

Rock Island Plow company, Rock Island, Ill.; Nebraska Moline Plow company, Omaha; Sandwith Manufacturing company, Sandwith, Ill.; Walter A. Wood Harvesting company, St. Paul; J. F. Seiberling & Company, Akron, O.; Aultman & Taylor Machinery company, Mansfield, O.; Advance Thresher company, Battle Creek, Mich.; Kingman & Company, Omaha; Norwegian Plow company, Dubuque, Ia.; Chambers, Beering & Quinlan company, Decatur, Ill.; F. B. Tait & Company, Decatur, Ill.; Hurst, Dunn & Company, Peoria, Ill.; Rockford Manufacturing company, Rockford, Ill.; Oliver chilled plow works, South Bend, Ind.; Sterling Manufacturing company, Sterling, Ill.; Stoddard Manufacturing company, Dayton, O.; James Selby & Company, Peoria, Ill.; Selby, Starr & Company, Peoria, Ill.; Acme Harvester company, Pekin, Ill.

The contents of the burned warehouse carried insurance aggregating \$31,750 in the following companies: Insurance company of North America, \$3,650; Liverpool London and Globe, \$4,000; Royal, \$6,000; Commercial Union, \$3,000; Phoenix, \$3,500; Norwich Union, \$3,000; Traders, \$900; Franklin, \$2,000; Philadelphia Underwriters, \$4,000; Pennsylvania Fire, \$2,000.

The warehouse itself was protected by \$30,000 insurance in the Liverpool London and Globe Insurance company. Insurance on the oil mill can not be ascertained, as the National Linseed Oil company handles the insurance on all its plants. The Franklin and Pennsylvania companies each carried \$3,000, and the Commercial Union \$6,000 on seed in the elevator. The value of the contents of the elevator at the market price would make the loss \$300,000.

### THREE FIRMS BURNED OUT.

Business Block Completely Destroyed at Lafayette, Alabama.

LAFAYETTE, March 22.—At 11:45 o'clock last night the east side of the public square was discovered to be on fire. Schuessler Brothers' dry goods store was burning. The alarm was given and the fire company went to work, but all efforts proved futile till the business houses of Webb & Jarrett, Schuessler Brothers and R. W. Allen & Company were completely destroyed.

Webb & Jarrett lost all their goods with \$1,000 insurance; Schuessler Brothers lost all their dry goods but saved a part of their groceries. There was an insurance on the building and goods amounting to \$12,000. R. W. Allen & Company saved nearly all their goods. They had no insurance and their building is a total loss.

The origin of the fire is unknown.

### Two Fires in St. Paul.

ST. PAUL, March 22.—At 7 o'clock last night a stubborn fire broke out in the basement of a large block occupied by A. H. Schlick as a shoostore, and the firemen had a hard fight for several

hours. The total loss on stock and building is estimated at \$85,000, on which there was \$70,000 insurance. Before the big shoe fire had been brought under control an old roller-rink on Jackson street, corner of Tenth caught fire and blazed tremendously. The loss on it is only \$6,000. No insurance.

### Two Children Burned to Death.

WINSTON, N. C., March 22.—Information has just reached here that two children, aged 5 and 7 years, of a woman named Hart, living in Ashe county, were burned to death in a fire which consumed their home. The children, it is said, were locked in and the fire started. The mother and an unknown man have been arrested on suspicion that they set fire to the building to rid themselves of the children.

### Postoffice and Store Burglarized.

WASHINGTON, C. H., O., March 22.—The postoffice and general store of T. M. Worthington, at Moons, 10 miles south of here, was burglarized Wednesday night, and about \$200 worth of goods taken. An unsuccessful attempt was made to force the safe containing stamps and postoffice money. This is the second time the same store has been robbed within a month, and is the fifth of a series of depredations upon small stores and postoffices in the southern and western part of the country.

### Choyinski-Creedon Draw.

CHICAGO, March 22.—The six-round contest between Joe Choyinski and Dan Creedon was a draw, no decision being given by the referee. The conditions of the match provided that if both men were on their feet at the conclusion of the sixth round, no decision would be given. Choyinski had all the best of it, except in one round. He knocked Creedon down twice, brought the blood in a stream from his nose and had him man very tired and going when the sixth round closed.

### Broke Out of Jail.

NEWARK, O., March 22.—A successful attempt at jail breaking was made here yesterday afternoon. Four prisoners, William Burns, Frank Gray, Charles Reynolds and Thomas Willis. The first two indicted for burglary and the other two United States prisoners, charged with postoffice robbery, broke four large locks off the door and made their way out into the hallway. Burns and Gray escaped, but Reynolds and Willis were found in the kitchen eating a meal.

### Two Englishmen Murdered in Mexico.

TRINIDAD, Mex., March 22.—The dead bodies of two Englishmen who left here about a week ago for Durango have been found near Sombrenere, terribly mutilated. It is supposed they were murdered and robbed by the servants who accompanied them. The servants were Englishmen and both are missing. The names of the murdered men are C. J. Hamerford and Edward Semble. They came to Mexico several months ago to invest in coffee lands.

### Family Chloroformed—House Looted.

ELIZABETH, W. Va., March 22.—Burglars entered the residence of Mrs. A. P. Sinclair, at Waverly, near here, Monday night, chloroformed the family and leisurely looted the house, taking everything valuable they could carry, including considerable money. The persons chloroformed did not come out of their stupor until noon, and still show effects of the drug. No clue to the thieves.

### Injured by an Electric Car.

CHILLICOTHE, O., March 22.—About 1:30 o'clock yesterday morning a car on the electric line collided with the laundry wagon of C. D. Duncan, completely demolishing it. Frank Haswell, the driver of the wagon, was struck, and pushed along for a distance of 25 feet, when the car left the track. He was terribly injured, both externally and internally, and it is feared can not recover.

### Twenty-Two Rounds Hard Fighting.

GALENA, Kan., March 22.—Paddy Partoll of Kansas City knocked out Johnson, "The Terrible Swede," after 22 rounds of hard fighting last night. Johnson was terribly punished, and was unconscious fully 10 minutes after receiving the knockout blow. Partoll conceded nearly 30 pounds in weight.

### Chance For American Artists.

PHILADELPHIA, March 22.—William Elkins, through the Academy of Fine Arts, has offered a prize of \$5,000 in connection with the 66th annual exhibition for the best work by an American painter to be exhibited at the Academy of Fine Arts in this city in December.

### Fighting a Forest Fire.

ATLANTIC CITY, March 22.—A forest fire that has already burned over 25 acres of valuable timber, is raging within two miles of Egg Harbor City. Several residences are in the path of the flames, and gangs of men are working to save them from destruction.

### Governor McKinley Ill.

COLUMBUS, O., March 22.—A private telegram to the governor's office here says McKinley is sick in bed at Thomasville from the effects of a bad cold. The governor thinks it is nothing serious, but he will be detained a day or two at that place.

### Provided For Springer.

WASHINGTON, March 22.—The president has appointed William M. Springer of Illinois to be judge of the United States court of the northern district of the Indian Territory.

### Cash and Gold Reserve.

WASHINGTON, March 22.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$185,237,794; gold reserve, \$90,861,800.

## ONE THOUSAND SLAIN

A Three Days' Battle at Lima, Peru.

### BOTH SIDES WERE EXHAUSTED.

An Armistice Was Agreed Upon to Permit the Dead to Be Buried and the Wounded to Be Cared For—After This Was Finished an Agreement of Some Sort Was Reached by the Leaders.

WASHINGTON, March 22.—A dispatch was received last night by Secretary Gresham from Minister McKenzie, in Peru, in reference to the recent revolution there. According to Mr. McKenzie there was bitter and sustained fighting in and around Lima for three days. At the end of this time there was over a thousand dead bodies lying unburied in the streets, and both sides were exhausted.

An armistice was agreed upon to permit the dead to be buried and the wounded to be cared for. After this was finished negotiations were still continued, and finally an agreement of some sort was reached by the leaders of the contending factions, but the details of this were not learned by the minister. Some sort of a provisional government now seems to be in control.

### Provisional Government.

BUENOS AYRES, March 22.—Advices from Peru are to the effect that President Caceres has resigned and that the provisional government formed after the conclusion of the armistice between the government and the insurgents, which preceded General Caceres' resignation, consists of representatives of both the belligerents. The provisional government will issue a decree ordering the holding of new elections.

### WHISKY TRUST SENSATION.

Lawyer Ewbanks of Indianapolis Makes a Startling Statement.

INDIANAPOLIS, March 22.—Louis Ewbanks of this city says that more sensational developments in the whisky trust receivership case might be expected soon.

Relative to the deed being filed in the various counties by order of the United States court, Lawyer Ewbanks said: "This deed now in the hands of the recorder of Dearborn county, actually conveys less than one-fifth of the real estate belonging to the trust and none of the personal estate."

"The descriptions are printed in small, close set type, and cover 11 pages, and the phrases which declare continued ownership of the personal estate, and of so much of the real estate are introduced about the middle of the page in an unobtrusive manner."

"Of course, the action of the officers in using a printed description of the property, in which these objectionable phrases are found, and thereby failing to obey the order of the court may have been entirely innocent, and if so, they will doubtless hasten to execute a new deed, actually conveying the property which it describes."

### TRAINS COLLIDE.

Two Trains Killed Outright and One Mortally Injured.

DALLAS, March 22.—The northbound through passenger train of the Missouri, Kansas and Texas road which left Dallas at 10:15 p. m. collided with a freight at Fisher, nine miles from here, late last night. The engines of both trains and baggage and express cars were badly wrecked. Two of the trainmen were killed outright and one mortally injured.

The passengers were shaken up, but none injured so far as known.

The killed are: Engineer Hearn of the passenger train and Brakeman Hardin of the freight. Conductor Boltes of the passenger train was badly injured.

The cause of the collision is not known.

### Politician Suicides.

LAPORTE, Ind., March 22.—Hon. Joseph Jackson, a prominent politician and ex-member of the Indiana legislature, committed suicide yesterday afternoon by shooting himself in the head with a revolver. Despondency over defeat at the last election is the cause assigned.

### One Stealer Arrested.

CRIPPLE CREEK, Colo., March 22.—Fremont and Solon McCloskey, brothers, who have been in the employ of the Union Mining company, were arrested yesterday on a charge of having stolen from the company during the past year \$50,000 to \$100,000 worth of ore.

### He Confessed.

CENTERTVILLE, Ind., March 22.—John H. Walker, living three miles north of Centerville, who left the county about 10 days ago with about \$10,000 to pay, returned Monday night and gave himself up to the authorities and confessed that a number of the notes were forged.

### Robbed His Benefactor.

BRAZIL, Ind., March 22.—Last evening a ragged, dirty tramp called at the Hendrix hotel and begged the cook to give him a meal. The generous cook complied, and the ungrateful tramp robbed his benefactor of \$40, which he had in his overcoat pocket.

### Farmer's Leg Broken.

MORRISTOWN, Ind., March 22.—Perry Butler, a farmer living about four miles south of here, was badly injured while breaking cornstalks. He was lifting the drag over a stump and it slipped, falling on his left leg and breaking it.

## EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
**ROSSER & MCCARTHY,**  
Proprietors.  
FRIDAY, MARCH 22, 1895.

**Fair weather; winds shifting to southeast; slightly warmer.**

The Covington Ledger figures that the Republican majority was 6,876, in this Railroad Commission district last November. B. Kellar of the Carlisle Mercury is confident he can wipe out a little thing like that if he's given a chance. He's anxious to try it, anyhow.

Mr. J. W. PARKER of Lahe, Kan., arrived here yesterday accompanied by his father-in-law, the venerable Mr. Augustine Owens. The latter is in his ninety-fourth year and is well preserved for one of his age. He formerly lived near Tollesboro, but he and Mr. Parker moved to Kansas about two years ago and are well pleased with their Western home.

HENRY HOLDEN, a C. & O. brakeman, was found lying under the Carr street bridge at Cincinnati by several switchmen in an unconscious condition early Wednesday morning. When he recovered consciousness he said that during the night while riding on top of a moving freight car, he failed to stoop low enough while passing under the bridge and was struck by one of the cross bars and thrown off. He received several scalp wounds and a dozen bruises about the body.

JOSEPH RUBENACKER was tried before Squire Bramel yesterday on a charge of taking property not belonging to him, and was held in sum of \$100 for his appearance at Circuit Court. He gave the required bail. The case is an usual one. Rubenacker sold a cow and calf to Frederick Adams, and the purchaser had come to town to pay for the animals. Another party who held a claim against Mr. R. attached the money in Adams' hands. Rubenacker then returned to Adams' home and took the cow and calf and the latter retaliated by swearing out the warrant for him. After the trial of the first case, Adams got out a writ of delivery and the court ordered the cow and calf to be delivered to him.

### The Crawford-Green Nuptials.

Prof. C. K. Crawford, of the Danville Theological Seminary, and Miss Pattie Craig Green, daughter of Mr. Thomas M. Green, were married Thursday at the Second Presbyterian Church, Danville, Dr. Yerkes officiating. The bridesmaids were Miss Katie Delong, of Lexington; Miss Alice Gill, of Maysville; Miss Mary Crawford, of Perrysville, and Misses Keith and Nannie Green. The couple left at noon for New York and will sail for Italy April 13.

### River News.

The Wave from and to Vanceburg.

### PERSONAL.

—Miss Virginia King, of near Ripley, is the guest of Miss Marie W. Hefflin.  
—Miss Myrtle Hampton, of Lewis County, is visiting Mr. and Mrs. James Crane, of East Fifth street.  
—Mr. C. H. Stevenson, of Chicago, is visiting his sisters, the Misses Stevenson and Mrs. O. H. P. Thomas.  
—Mrs. J. M. Evans is at home after a visit at Shawhan and to her daughter, Mrs. George Bruce, of Covington.  
—Mr. John Chapin left this morning for Nashville, Tenn., where he has accepted a position for the summer as tutor in a private family, of two boys who are to enter the University of the South next year.

### Homeseekers' Excursion.

On April 2nd, the C. and O. will sell round trip tickets to points in Alabama, Florida, Georgia, Mississippi, North and South Carolina, Tennessee, Virginia and to New Orleans at one fare for the round trip, twenty and thirty days limit. And will also sell round trip tickets at one fare, plus \$2.00, to the following territory: Arizona, Oklahoma, Louisiana, Missouri, New Mexico and Texas,—twenty days limit.

### Notice to Delinquent Tax-payers.

At the last meeting of the City Council a motion was adopted directing the Chief of Police to publish a list of all tax-payers who are delinquent on April 1st, 1895. Tax-payers who have not yet paid are hereby given due notice.  
D. P. Orr, Chief of Police.

## AUGUSTA MUST PAY

**That \$4,000 She Subscribed to Aid in the Construction of the C. and O. Road.**

Some years ago when the fund to pay for the right of way for the Maysville and Big Sandy Railroad was being raised, the town of Augusta voted \$4,000.

When the time rolled around for her to plank down the money she refused to pay.

Suit was finally brought, and the Bracken Circuit Court decided that Augusta must keep her promise. The case was appealed, and the Court of Appeals this week affirms the decision of the lower court.

The principal and interest now amounts to about \$5,000.

In affirming the case, the Court of Appeals says:

First—When the law fixes the time for the holding of an election, the notice otherwise required to be given may be dispensed with.

Second—The duty of issuing the bonds was rendered imperative by the enabling act and the vote taken in pursuance of it, and upon the vote being cast in favor of the issue of the bonds, the company became entitled to them upon the happening of certain events.

Third—The words "may issue bonds" as used in the act are deemed compulsory, as that is the only rational construction to be given them when looking to the intent and purposes of the enactment and the conduct of the parties.

Fourth—As "such time as may be lost because of floods" is expressly excepted out of the time in which the work was to be completed, and the evidence showing abundantly that that was the cause of the delay in its completion, that defense will avail the appellants nothing. And while there were no such great floods as in 1847 and 1881, yet it is clearly shown that the water was sufficiently high to obstruct the work.

George Doniphan, R. K. Smith for appellant. A. M. J. Cochran, W. H. Wadsworth for appellee.

It will be remembered that one of the pleas on which Augusta tried to keep from paying the money was that the road was not completed in the specified time.

### McGarvey's Review of Mr. Cak's Talks on the Bible.

No. II of Rev. J. W. McGarvey's articles reviewing Rev. E. B. Cak's "Half-Hour Talks on the Bible" will appear in to-morrow's issue of the EVENING BULLETIN.

Mr. McGarvey's articles will appear in the Saturday issues of the paper until he completes his review.

## Unprecedented

Have been my sales since the adoption of the special cut-price system for Cash buyers. Old fogeyism and success combined is a thing of the past. The wants of the people must be met, both as to prices and quality of goods. My stock has no equal in the city—always full, new and clean, and as to low prices, I have no competitor. I hold no goods in stock. I put them at prices that make them go. Just take a look:

## MR. W. H. ROBB.

### Interesting Talk on the Subjects of Turnpikes and Taxation.

#### He Thinks the Toll System the Most Equitable—Opposed to Increasing the Taxes.

In a talk on the free turnpike question Mr. W. H. Robb, of Helena, one of the successful farmers of the county, expressed some decided views on the subject, and as the BULLETIN desires to accord everybody fair treatment the interview is here published. Mr. Robb admits that the first consideration is good roads, but when asked how he thought the pikes ought to be maintained he replied:

"Candidly, without further thought, or more light on the subject, I see no more economic or equitable way than the present system."

Then you don't favor the free road maintained by taxation?

"As I now see it, unqualifiedly no. It could be made neither equitable, nor economical. There is more in this question than is seen at first blush. This absorption of all the roads by the county, as Mr. Gill in his article very potently remarks, 'is far reaching in its effects, and pertains to posterity,' and as he tersely says, 'would be a very great and unequal burden upon the tax-payers of Mason County, without any probable prospect for an adequate return.' The present owners would of course not surrender them except by a contract binding the county to keep them perpetually in good repair, as they have been principally built by property-owners along their various routes for the benefit of their business and the convenience and comfort of their families, in some instances at very heavy individual outlay. There would have to be a uniform road law governing the whole county as to grade, width of road bed &c. One portion of the county would have the same right to claim a broad road as another, and an equal amount of repairs, and at present you are aware there is a vast difference in the construction of our roads. Then the question comes up, who are the beneficiaries? We shall take the counties of Lewis, Fleming, Nicholas and Robertson. The people of these counties would be furnished, at the expense of the already overburdened tax-payer of Mason County, a gratuitous route to market, should they make Maysville that point, or through Maysville to Cincinnati. Take for example the leading staple tobacco. It furnishes more tonnage than any other article, and we have Tollesboro, Mt. Carmel, Blue Licks and Mt. Olivet, gathering centers in these counties, pouring this product through Maysville, to Cincinnati and Louisville and not one dollar would accrue to any citizen of either our town or county. You see the utter injustice of the case. Then the commercial tourist of the various cities who do business in our borders, no one would I presume to think a moment they would deduct aught from their goods for the benefits received, and even if they did, the benefits would accrue to the adjoining counties as well as our own. Then take the citizen who pays tax on say \$20,000 worth of property, as compared with the citizen with only a wagon and team who supports his family by freighting goods between points of distribution in the county; you see the one is made to pay tribute to the other."

I now have your opinion as to the equity, what have you to say on the economic phase of the question?

"Well, I believe in the power of concentration. What becomes general becomes indifferent. Our highest achievements emanate from the nervous force of one brain. Individuals make fortunes, and occasionally small close corporations; but as a rule corporations only attempt to pay reasonable dividends. When a county owns the roads they are managed by commissioners. No one is individually responsible or personally interested. It leaves great room for jobbery and corruption, with a very strong possibility for bad roads. As now operated the stock is held by few individuals and they are looked after in a kind of personal way, and conducted on the most economical plan. The law compels the company to keep them in good traveling condition or the gates would be thrown open, as was done in the case of the Elizaville road."

While on the question of economy please give me your opinion of the cost per mile of repairs?

"In answer to this, I will give you the cost on our road for the last five years. The road is four miles in length, from Helena Station to Mayslick. We have expended in that time \$2,038.40, as the reports to the County Court will show, or an average of \$409.60 per year, or an average of \$102.40 per mile. More could have been judiciously expended, as we have been forced from gate receipts to

economize. Increased travel would increase wear and consequently cost of maintaining it. I believe it would be a fair average of the whole county. I see Mr. Holton estimates that we have about 300 miles of roads in the county. At the rate of \$100 per mile we would have the sum of \$30,000 per annum road tax independent of salaries for Superintendents, which on our present enormous assessment of about \$9,500,000, would slightly exceed 30 cents on the \$100, instead of 10 cents as suggested by Mr. Cochran, should the money be raised by a property instead of a poll tax. This is assuming, you see, that the county already has possession of the roads, which they have yet to acquire; and let me assure you thinking business men are not going to relinquish to the county what has already cost them so much to acquire, and in which they are so directly interested, for naught."

Do you believe Maysville would be benefited by a free road system?

"No sir; on the contrary, I think she would be injured."

How, why so?

"She would have her proportionable part of the taxes to pay. The only way she could be benefited, would be by an increase of business, which would not necessarily follow free toll. The butter and egg brigade is a joke. Business men, the class that benefit any place, only go when and where they have business. The loafer she might get, but does not need, nor want; and the free road system would be as readily appropriated by her competitors as by herself, and she would simply be short the amount of her share of the tax."

How about the State law regulating tolls?

"Our Representatives got that down pretty fine. It is just about on the repair basis. I think most of our roads in the county are operated under that law. Some, I believe, are not, but if any one has a grievance, the courts are open, or an appeal to Legislative aid."

What is the feeling in your community in regard to free roads?

"So far as I have heard an expression, the feeling is against it. The opinion prevails that the movement is not wholly based on philanthropy."

What action, if any, do you anticipate by our Fiscal Court?

"Pardon me, I don't like to anticipate. Under our new law it is composed of but few men, and as far as I am personally acquainted with them they are representative men, both consistent and conservative, and fully realize the responsibility resting on them; and are not likely to lose their heads over any Coxey schemes, and realizing their responsibility will make haste slowly."

You speak of the enormous assessment of \$9,500,000; do you think that high?

"Most certainly I do. Our Board of Supervisors have succeeded in convincing everybody else in the State we are rich, except ourselves."

And how does that affect?

"Simply in this way. There are 119 counties in the State, 81 of which are pauper counties whose expenditures exceeded their revenues in 1893 \$613,682. Only thirty-eight are self-sustaining, sixteen of which are barely so and only eleven pay into the State Treasury a revenue to exceed \$20,000 and Mason is one of the eleven, standing about the center (sixth.) Hence you see the eleven are carrying the burden of the State load. The impression is abroad that our State Board will increase the assessment all over the State 20 per cent. What does that mean? Simply that the eleven counties have got to put up the cash. And to our county it means an increase of \$1,900,000, or a total assessment in our county of \$11,400,000 dollars, as we happen to be one of the Eldorado counties. It looks smooth to say the raise is all over the State. We are at last fixed in our relative positions. To our pauper counties what does it mean? Simply a repetition of the story of the old gray mare. The owner had increased his wealth by a twenty dollar raise, but still had the mare. The State has increased their assessment 20 per cent. but we still have our paupers and have to pay for the luxury. So you see we are already taxed up to high water mark, and why our people at this particular period of universal business depression should be so suddenly seized with this philanthropic outburst and so anxious to furnish free and good roads to the world at large is beyond my comprehension. A little more tension and the cords will snap."

What do you mean by that expression?

"Already you see the tendency of the farmers to flock to town. Their energies are paralyzed. They see hard work, heavy taxation, no pay. As well live easy as work. I have in the last few days heard several of our substantial citizens say that while they were raised in this county and liked it, they did not like it well enough to stay in it and become slaves by taxation."

## LATEST FROM HAWAII.

### An Annexation Club Formed by Leading Royalists.

WASHINGTON, March 22.—Late press advices received here from Hawaii state that Charles B. Wilson, confidential adviser of the ex-queen, John Colburn, one of her cabinet at the time she was deposed, Antoni Rosa, ex-attorney general, and John Richardson, formerly on the queen's staff—all of them prominent royalists—have taken part in forming an annexation club among the native Hawaiians. This is regarded as a declaration among the chief royalists that the monarchy is dead for all time.

At a recent meeting in Honolulu these prominent royalists took part in forming a constitution and articles of belief. These state:

"First—We believe that the republican form of government has come to stay in these islands.

"Second—We believe that every person should assist the government in the carrying out of its policy of political annexation of these islands to the United States."

The third article declares that the present Dole government secures liberty, security, free speech and free press, restriction of Asiatic emigration and cable communication.

The constitution restricts members of the new organization to natives or those having Hawaiian blood, or foreigners who have married in Hawaii.

There has been no fresh developments concerning the demand for Minister Thurston's recall. All parties maintain silence. The next step, it is presumed, will be action by Hawaii on the request of Secretary Gresham.

### GREAT BRITAIN AND NICARAGUA.

#### Some Official Statement About the Trouble Between the Two Countries.

LONDON, March 22.—The following semi-official statement was obtained by the Associated Press last night in regard to the trouble between Great Britain and Nicaragua.

General Barrios, the Nicaraguan envoy, left London with the British demands for compensation in the sum of £15,000, for the expulsion from Bluefields of Mr. Hatch, the British consular agent there, and also for the appointment of a commission to adjudicate the damages sustained by the persons and property of British subjects expelled from the Mosquito reservation.

General Barrios, it is understood, has since submitted the matter to the government of the United States with the object of enlisting sympathy and aid. The statement that Great Britain stipulated that no citizen of the United States should be a member of the commission mentioned, is inaccurate. It is the opinion in diplomatic circles here that the demands of Great Britain are exceptionally small and that the aggravation warranted even severer measures.

#### Working on the Peasey Murder.

BOWLING GREEN, O., March 22.—Detectives are still at work on the Peasey murder case. The result of their work is not made public, but Sheriff Biggs is more certain than ever that the guilty party will be found. He thinks that the offering of a liberal reward would hasten matters, and the commissioners will act upon his advice. Sensational developments are expected.

#### Will Lose His Right Hand.

COLUMBUS, O., March 22.—Levi J. Burgess, reporter of the supreme court of Ohio, who has been at Rome, N. Y., for some weeks for treatment, arrived home last night to undergo the amputation of his right hand. A cancer has developed, and he is advised that amputation only can save his life.

#### Fatally Injured.

JEFFERSONVILLE, Ind., March 22.—Peter J. McGrath, formerly a Pittsburg, Cincinnati, Chicago and St. Louis passenger conductor, was run over by a freight train at Polona, Ill., last night and received fatal injuries.

#### Glass Works Resuming.

ELWOOD, Ind., March 22.—The Depew plateglass works, which have been closed for some time, have resumed operations, and will soon be running at full capacity, this being one of the independent concerns.

#### Sued For \$15,000.

WARREN, O., March 22.—Byron Siedels, a well known Warren young man, was Thursday sued for \$15,000 damages by Miss Jennie Leeworthy, also of this city, who alleges breach of promise to marry.

#### Street Fight With Revolvers.

KOSCIUSKO, Miss., March 22.—Dan Summers, white, and Ake Allen, colored, yesterday had a street fight with revolvers at Carthage, Miss., the result of an old quarrel. Both were killed on the spot.

#### Dry Goods Assignment.

COLUMBUS, O., March 22.—Lockhart, Staley & Willard, dry goods, are in the hands of Receiver George W. Bright. Disagreement between partners the cause. Assets, \$60,000; liabilities, \$54,000.

#### Officers on the Track.

WARASH, Ind., March 22.—Officers are on the track of three tramps who committed an assault upon a 15-year-old lad named Louis Swartz which may result in the latter's death.

#### Got a Seven-Year Sentence.

VALPARAISO, Ind., March 22.—Henry Heck, who attempted to wreck a Nickel Plate passenger train, was sentenced yesterday afternoon to seven years in the prison north.

#### An Editor's Bereavement.

PORTLAND, Or., March 22.—Mrs. F. A. Carle, wife of the managing editor of The Oregonian, died yesterday of heart failure.

NEW YORK, March 22.—The strike of the electrical workers, which began some weeks ago, has come to an end. The result is a complete victory for the Electrical Contractors' association. The settlement was brought about through the mediation of the New York council of mediation and conciliation, of which Bishop Potter is the head.

## The Mutual Life Insurance Company.

The fifty-second annual statement of The Mutual Life just issued is published elsewhere, showing the operations of the company for the year of 1894. The figures speak for themselves. Compared with the financial results of 1893, the report shows:

Increase in total income, \$6,067,721.26  
Increase in premium income, 2,528,825.81  
Increase in assets, 17,361,101.82  
Increase in surplus, 4,576,718.91  
Increase of insurance in force, 51,923,039.95

These achievements during a period of general financial depression and uncertainty are remarkable and unprecedented.

The company paid to the holders of its policies on account of claims by death \$11,929,794.94, and for endowments, annuities, dividends and other payments to living members \$9,159,462.14. It increased its reserve fund, to guarantee the future payment of all claims, from \$168,755,071.23 to \$182,109,456.14, an addition for the year of \$13,354,384.91.

The results for 1894 indicate increased security and permanent benefits to every member of this great company.

### Miss Cartwright, the Evangelist.

A very large congregation greeted Miss Anna Cartwright at the Third Street M. E. Church last night, and every eye was riveted on her as they beheld a face that fairly shone with the spirit of love in her heart. Her voice is charming as she pleads with the people to come to Christ.

Her text was Mark ix, 14, and the congregation listened with rapt attention. After a talk of thirty minutes, she gave the invitation for the christian people to come to the front, and the space around the altar was soon crowded.

It is doubtful if the church will hold the people to-night. All are invited.

### The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

### Wm. Paul Must Hang.

William Paul, who killed his father-in-law, Jacob Yockey, back of Aberdeen last summer, was convicted at Georgetown yesterday of murder in the first degree. The penalty is death.

### Proctor Knott's Refrain.

[Exchange.]  
Jo Blackburn and Watt Hardin will loosen their silver tongues before the Jefferson Club at Covington the 2nd of April. The meeting will open with a song, the chorus of which is:  
They all skedaddle when they hear  
The tinkle of the silver bell.  
The gold bugs leave this mundane sphere.  
With "good-bye world and howdy hell."
